### **Basic services offered to clients:**

-  Administration and management.
-  Accommodation.
-  Local transport and/or airport transfer.
-  Pedagogical, Linguistic and cultural training.
-  Cultural activities in Granada.
-  One-day trips to other cities.

## Requirements for interns

-  **Erasmus grant or similar:** We offer an unpaid internship, So It's important that interns are covered economically and that there is an agreement between a sending organization (i.e. University of origin) and host organization (MEP).
-  **To be covered by insurance** for accidents and civil liability during their stay in Granada and specially during internship at our company.
-  **Schedule flexibility:** As we are a company that works a lot in the tourism sector, most trips to other cities are on weekends, so when attending trips, interns would take their days off during weekdays. Maximum working hours per week will be organized flexibly according to groups activities (We will always try and make sure interns have 2 days off per week).
-  **Communication and social skills, easy going/ friendly personality, honesty, modesty and ability to work as a team:** As interns would be working closely with our foreign clients and with our team this is very important.
-  MEP **does not** offer accommodation or meals to interns.

## Working days and times

**Working days and times can change depending on time of year, workload, number of staff etc... This is why we require flexibility.**

-  Maximum working hours are 40h per week, with 5 working days and 2 days off.
-  Our office is usually open from 09:00 to 19:00, Monday-Friday. Working schedule for the days when interns work at the office are usually 09:00-14:00, 15:00-18:00 (8 hours). But this may vary according to MEP needs. In the days of one-day trips to other cities, working times depend on the time of departure from/ arrival to Granada of each trip.
-  If time off is needed, the company must be notified as soon as possible.
-  As we work around our groups of clients and in the tourism sector, sometimes it is required to carry out some activities on bank holidays or during holidays like Christmas or Easter week.
-  Work carried out outside of the regular schedule would count as "overtime" and can be used to take time off. **(Always with prior notice and authorisation** from us at the company). The timetable we send will calculate overtime automatically.
-  If an intern arrives late, they must notify M.E.P a.s.a.p and make up for that time during the same day.
