*Thanks a lot program Erasmus Mundus which enabled me to be part of that. It made me very proud and happy. Helped me to get to know the culture of different nations, meet students and professors from different countries with which the I exchange of views, and I had a chance to learn something new. I met friends from Germany, Austria, United Kingdom, France, Italia, Syria, Algeria, Pakistan, Turkey... The Erasmus Mundus program is the opportunity for students to study at any of university in Europe, learn tolerance, new culture, learn new skills, make new friends all over the world, and have the most beautiful moments in life."*
